

Sean Haugh candidate questionnaire

For all candidates:

- **What is your background in politics? If you are an incumbent, please state which offices you have held and when. Why were you drawn to run for office?**

I have been active in building the Libertarian Party here in NC since 1994. Running for office is a great way to spread our message and recruit new voters.

- **If you had to pick three issues (housing, economy, schools, policing, etc) which three issues would you say are most important to you?**

I am running on the single issue of full legalization of marijuana now in North Carolina.

- **If elected, how would you work with fellow representatives on the other side of the political aisle?**

I would have to develop a positive working relationship with both parties in the General Assembly to convince them to make marijuana legal.

- **What do you see as the role of the office you seek?**

To support our farmers. Legalizing marijuana would give them a profitable crop that is easy to grow.

- **Which city do you live in and what are three favorite things about it?**

I have lived in Durham since 1985. It's easy to get anywhere in NC from here. People are awesome and the food here is spectacular.

For state races:

- **Where do you think our state is headed? What stands in the way? How can you help us get there?**

The growth of inefficient government stands in the way of the people's prosperity/

- **Our state seems divided by party. What are some of the things that both parties agree on?**

Both Democrats and Republicans want to serve their corporate special interests. It's time to fire them both.

- **What are the drawbacks of gerrymandered districts to our state? Are there any benefits?**

Redistricting should be done by an independent commission that includes Unaffiliated voters.
